OBJECTIVE

This fund's objective is to achieve an attractive total return, consisting of income and capital gains. It invests primarily in a mix of Canadian equity and equity-related securities and fixed income securities. The fund is not limited to how much it invests or keeps invested in each asset class. The mix may vary according to market conditions. Any change to the fundamental investment objective must be approved by a majority of votes cast at a meeting of unitholders held for that reason.

Past performance is no guarantee of future performance. All returns are historical annual compounded total rates of return and reflect changes in yield and distributions reinvested. Managed Indexed, Managed Portfolios and Market Indexed accounts credit an interest amount mirroring the net rate of return of a specified underlying investment, less a BMO Life Assurance Company daily management fee. These rates of return do not reflect the current BMO Life Assurance Company management /universal life fee which must be taken into consideration when determining the net return earned on the account.
