FIXED INCOME

Mackenzie Canadian Bond Fund Series A

The information contained in this profile is related to the index indicated above. As part of a BMO Life Assurance Company policy, you do not purchase units in this index or a legal interest in any security.

OBJECTIVE

The Fund pursues a steady flow of income by investing mainly in Canadian government and corporate fixed-income securities and asset-backed securities with maturities of more than one year. The Fund also pursues capital gains by actively trading fixed-income securities. Preservation of capital is an important factor in the selection of portfolio investments.

Past performance is no guarantee of future performance. All returns are historical annual compounded total rates of return and reflect changes in yield and distributions reinvested. Managed Indexed, Managed Portfolios and Market Indexed accounts credit an interest amount mirroring the net rate of return of a specified underlying investment, less a BMO Life Assurance Company daily management fee. These rates of return do not reflect the current BMO Life Assurance Company management /universal life fee which must be taken into consideration when determining the net return earned on the account.
