The information contained in this profile is related to the index indicated above. As part of a BMO Life Assurance Company policy, you do not purchase units in this index or a legal interest in any security.

**OBJECTIVE**

This fund's objective is to provide long-term growth by investing primarily in exchange traded funds that invest in Canadian, U.S. and international equity securities and, to a lesser extent, fixed income securities. The fund may also invest in other mutual funds or invest directly in individual fixed income and equity securities and cash or cash equivalents. The fund's asset mix may be changed over time to reflect the portfolio manager's long-term outlook for each asset class.

The information contained on this page is related only to the designated fund or funds shown above. As part of a BMO Life Assurance Company policy, you do not purchase units in this designated fund or a legal interest in any security.

Past performance is no guarantee of future performance. All returns are historical annual compounded total rates of return and reflect changes in yield and distributions reinvested. Managed Indexed, Managed Portfolios and Market Indexed accounts credit an interest amount mirroring the net rate of return of a specified underlying investment, less a BMO Life Assurance Company daily management fee. These rates of return do not reflect the current BMO Life Assurance Company management /universal life fee which must be taken into consideration when determining the net return earned on the account.
