BMO China Equity Index ETF

The information contained in this profile is related to the index indicated above. As part of a BMO Life Assurance Company policy, you do not purchase units in this index or a legal interest in any security.

OBJECTIVE

The BMO China Equity Index ETF has been designed to replicate, to the extent possible, the performance of the BNY Mellon China Select ADR Index (Index), net of expenses. The ETF will gain exposure to the broad Chinese equity market by holding a basket of American Depository Receipts. The ETF invests in and holds the Constituent Securities of the Index in the same proportion as they are reflected in the Index.

GROWTH OF \$10,000

Annual values as of 30 September 2020

Past performance is no guarantee of future performance. All returns are historical annual compounded total rates of return and reflect changes in yield and distributions reinvested. Managed Indexed, Managed Portfolios and Market Indexed accounts credit an interest amount mirroring the net rate of return of a specified underlying investment, less a BMO Life Assurance Company daily management fee. These rates of return do not reflect the current BMO Life Assurance Company management / universal life fee which must be taken into consideration when determining the net return earned on the account.
