BMO MSCI EAFE Index ETF

The information contained in this profile is related to the index indicated above. As part of a BMO Life Assurance Company policy, you do not purchase units in this index or a legal interest in any security.

OBJECTIVE

BMO MSCI EAFE Index ETF has been designed to replicate, to the extent possible, the performance of the MSCI EAFE Index, net of expenses. ZEA invests in developed equity markets, excluding Canada and the U.S. The Manager may use a sampling methodology in selecting investments for the fund. The Fund may also invest in or hold securities intended to replicate the performance of the Index. In addition, as ZEA may hold other underlying ETFs, the management fees charged are reduced by the management fees paid on the underlying ETFs.

GROWTH OF \$10,000

Annual values as of 30 September 2020

Past performance is no guarantee of future performance. All returns are historical annual compounded total rates of return and reflect changes in yield and distributions reinvested. Managed Indexed, Managed Portfolios and Market Indexed accounts credit an interest amount mirroring the net rate of return of a specified underlying investment, less a BMO Life Assurance Company daily management fee. These rates of return do not reflect the current BMO Life Assurance Company management / universal life fee which must be taken into consideration when determining the net return earned on the account.
