OBJECTIVE

The information contained in this profile is related to the index indicated above. As part of a BMO Life Assurance Company policy, you do not purchase units in this index or a legal interest in any security.

The fund seeks to provide unitholders with exposure to the performance of a yield weighted portfolio of high dividend paying equities of international companies to provide long-term appreciation and to generate income. Eligible securities will be selected using a rules based methodology that considers dividend growth, yield, and payout ratio, and eligibility will be reviewed annually. Securities will also be subject to a screening process to ensure sufficient liquidity.

Past performance is no guarantee of future performance. All returns are historical annual compounded total rates of return and reflect changes in yield and distributions reinvested. Managed Indexed, Managed Portfolios and Market Indexed accounts credit an interest amount mirroring the net rate of return of a specified underlying investment, less a BMO Life Assurance Company daily management fee. These rates of return do not reflect the current BMO Life Assurance Company management /universal life fee which must be taken into consideration when determining the net return earned on the account.
